Hello Blue Devils and Blue Angels! Welcome (or welcome back) to KC!

Your success is our priority. At Kaskaskia College our philosophy is every student matters. I encourage you to review this student handbook, as it contains information that will assist you in achieving your educational goals. Information about support services such as financial aid, tutoring, the academic calendar, your student rights and contact information are several important topics covered in this book.

The three biggest indicators of college success are: 1) Student Commitment, 2) Student Support, and 3) Student Connection.

Commit - You have made the commitment to join the KC team. Next, you must commit to class attendance and study. Work hard to reap the rewards of your investment of time, money/scholarship, and effort.

Ask - The student support piece contains information about the support available to you at KC. Please seek it out when you need it! Let us know if you feel you are falling behind or struggling in any way. We have the resources available to help you succeed!

Connect - Students that are involved in the college experience tend to be more successful than those who are only engaged with their coursework. Connection can occur by joining one of the many clubs/organizations, participating or attending performing arts (music or theatre) activities, and/or attending athletic events to support KC!

Please keep your handbook as a reference resource while here and be sure to Commit, Ask, and Connect to increase your success. With the many educational choices available to you, we are proud that you chose KC.

Best of Success to You!

ACADEMIC ADVISEMENT

Academic advising is one of the most important steps a student can utilize to ensure success at Kaskaskia College. Every student should consult with an Academic Advisor during the admissions process and before registering for classes the first time. This is important for students who intend to transfer to a baccalaureate program at a four-year college or to seek employment immediately after graduation.

For information or to speak to or meet with an Academic Advisor call 618-545-3060.

ADDING CLASSES ONCE THE SEMESTER HAS BEGUN

Students may add the following courses as long as the total number of semester hours does not exceed catalog regulations: individualized instruction, independent study, open-entry, open-exit classes, or any courses which start later in the semester. For more information, refer to the withdrawal procedures paragraph on page 21.

ADMISSIONS AND REGISTRATION

Kaskaskia College maintains an open admissions policy that provides access to higher education for those individuals who can benefit from its comprehensive programs. Admission to the College does not ensure entrance into a particular course or program of study. If space is not available to accommodate all persons, the College reserves the right to establish selective admission procedures and requirements. Certain programs have selective admission entrance requirements, which must be met prior to being accepted in the program. They are: Cosmetology, Dental Assisting, Diagnostic Medical Sonography, Nail Technology, Nursing (LPN and ADN), Physical Therapist Assistant, Radiologic Technology, and Respiratory Therapy.

Detailed information regarding admission requirements and processes can be
obtained from the Admissions and Registration Department. Students must have a high school diploma or high school equivalency (formerly GED) in order to be eligible for Title IV Funds.

CREDIT FOR COURSES AT OTHER COLLEGES AND UNIVERSITIES

Credit may be granted for work successfully completed by the student at other regionally accredited institutions. Transfer credit is evaluated and awarded by the Registrar. Refer to page 40 in the College Catalog for the Transfer Credit Policy.

The College will accept, as transfer credit, all appropriate hours earned at regionally accredited institutions. Regardless of the number of hours accepted, a student must earn a minimum of 15 hours out of the last 24 at Kaskaskia College before he/she can be awarded a degree or certificate from Kaskaskia College.

CLASSIFICATION OF STUDENTS

Students are classified as follows:

- **Freshman**: Less than 30 semester hours completed (not a high school student)
- **Sophomore**: 30-60 semester hours (without a previous degree)
- **High School Student**: High school student enrolled in community college credit courses
- **Other**: Adult Education students or students who already have an associate degree or higher

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT
ANNUAL NOTIFICATION OF RIGHTS (STUDENT RECORDS)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records.

**RIGHT TO INSPECT:**
Students have the right to review and inspect all of their education records maintained by or at this College within 45 days of the day the College receives a request for access.

Students should submit to the Registrar, or other appropriate official, a written request that identifies the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place
where the records may be inspected. If the records are not maintained by the college official to whom the request is submitted, that official shall advise the student of the correct official to whom the request should be addressed.

**RIGHT TO REQUEST AMENDMENT:**
Students have the right to request amendment of education records the student believes are inaccurate or misleading. The student should write to the college official responsible for the record, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the College decides not to amend the record as requested by the student, the college official will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

**RIGHT TO PREVENT DISCLOSURES:**
Students have the right to prevent disclosure of education records to third parties with certain limited exceptions. It is the intent of this institution to limit the disclosure of information contained in education records to those instances when prior written consent has been given to the disclosure or under the provisions of FERPA, which allow disclosure without prior written consent. Students may give written consent to disclosures to specific people by completing and submitting an “Authorization to Release Student Records and Information” form. This form is available from the Registrar or at the Enrollment Center.

One exception, which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including security and health staff), a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent), a person serving on the Board of Trustees, or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Other exceptions which allow for disclosure without consent include:
1. to officials of another school where the student seeks or intends to enroll only for purposes related to student’s enrollment or transfer.
2. for auditing
3. in connection with financial aid for which the student has applied or received.
4. to persons/organizations doing research on behalf of the college
5. to accrediting bodies
6. in order to comply with judicial order or subpoena (reasonable efforts will be made to notify student prior to release).
7. in the event of a health and safety emergency
8. designated directory information
9. to parents of a student’s if there is a violation of federal, state, local laws or violations of college drug and alcohol policies.

**RIGHT TO FILE A COMPLAINT:**
Students have the right to file a complaint concerning alleged failures by Kaskaskia College to comply with the requirements of FERPA to the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave, SW, Washington, DC 20202-5920.

Kaskaskia College has designated “directory information” as the following student information:
- Student Name
- Address
- Phone Number
- Enrollment Status (Full-time, Part-time)
- Date of Birth
- Major Field of Study
- Classification (Freshman or Sophomore)
- Dates of Attendance
- Degrees and Honors Earned and Dates
- The most previous educational agency or institution attended prior to enrollment at Kaskaskia College
- Participation in officially recognized activity or sport and weight, height and photos of members of athletic teams or student activities
- Photo

Kaskaskia College retains the right to exercise discretion in determining the release of directory information.

1) The College may use directory information internally as well as release it without prior consent. Currently enrolled students may prevent disclosure of directory information by completing and submitting a request to restrict disclosure of directory information form.
2) Under the provisions of the Family Educational Rights and Privacy Act of 1974, you have the right to request that your directory information not be released to non-institutional persons or organizations. Please consider very carefully the consequences of a decision to withhold directory information. As you consider restricting your directory information from the public, please remember that by doing so, NO ONE (regardless of relationship, e.g., spouse, parent, relative) will be able to access this information (regardless of need, family emergency, etc.) There are no exceptions. In addition, your name will not appear in the commencement program or
similar announcements. If a student desires to restrict disclosure of information, a request is made in writing to the College Registrar.

3) This restriction becomes effective immediately after the form is processed. Kaskaskia College will honor your request to withhold directory information but cannot assume responsibility of contacting you for subsequent permission to release it. Furthermore, Kaskaskia College assumes no liability for honoring your instructions concerning withheld information.

MARITAL STATUS/NAME CHANGE/ADDRESS CHANGE
It is the student’s responsibility to notify the Admissions and Registration Office of any change in marital status, name change or address change. This information is important to prevent confusion regarding the student’s records. Failure to report changes could affect graduation, financial aid and transfer to another college/university. Students will need to submit the appropriate documentation along with the Change of Information Form.
MAXIMUM LOAD
A student must have 12 hours in the fall or spring semester and six hours in the summer to be considered full-time. The normal full-time academic load for a student is 12 to 18 semester hours during the fall and spring semesters. If a student wishes to enroll in 19 to 21 semester hours (Including orientation, physical education and/or applied music), approval may be granted by an advisor. If a student wishes to enroll in 22 or more semester hours, permission must be obtained from an advisor and the Vice President of Instructional Services.

REPEATING A COURSE
If a student desires to repeat a course, credit for the course will be allowed only once but the highest grade achieved is used to calculate the over-all grade point average. If a student repeats a course and makes the same grade, this grade will be used only once in the computation of the grade point average. Repeated courses are not deleted from the transcript.

TRANSCRIPT RELEASE
A transcript is an official record of a student’s academic history of course enrollment and achievements. All courses officially attempted are listed.

Official transcripts will be issued and sent from the Admissions and Registration Office upon request. You may request a copy of your transcript for your personal use or have a copy sent to a particular address. Kaskaskia College partners with Credentials Solutions to provide students and alumni access to an online ordering system through a secure website at https://www.kaskaskia.edu/admissions/records/transcript-request/.

A fee will be required before transcripts are released. The College reserves the right to withhold transcripts of persons who have past due monetary obligations to the College or who are delinquent or defaulted on a student loan.

CHARGEBACK FOR OUT-OF-DISTRICT RESIDENTS ATTENDING KASKASKIA COLLEGE
The Public Community College Act provides that a student living in a public community college district which does not offer the program of study (not individual courses) in which the student is interested may receive partial tuition support from the community college district in which the student lives, providing the student receives approval from the community college district. Out of district students entering Kaskaskia College are reminded to make an early request to their home community college for this approval.

This authorization must be obtained for each academic year and should include the summer session for those who plan to attend.

Out of district students who have received chargeback tuition authorization for
the community college district in which they live will pay Kaskaskia College in
district tuition; their home district will reimburse Kaskaskia College for the
balance of out of district tuition. Students must contact the community college
district in which they live for chargeback authorization at least 30 days prior to
the beginning of any semester. Out of district students attending Kaskaskia
College without chargeback authorization will pay out of district tuition.

The student may come in and pay in full or sign up for a Nelnet payment plan in order to be reinstated if there are still available seats in the class(es) desired. Students who have unpaid financial obligations to Kaskaskia College will not be permitted to register until all past-due balances have been paid in full or a Nelnet payment plan is in place.

Tuition Refund Policy

A student enrolling in a class automatically assumes the responsibility of officially dropping the class(es) should the student decide not to attend or complete the course. A refund of tuition and fees cannot be made unless a student officially drops the course in the Enrollment Center or at one of the KC Education Centers.

If you do not officially drop a course, you are financially responsible for the tuition and fees. Refunds will be computed from the date that the official withdrawal is received in the Enrollment Center and will be based on the following schedule:

Summer Term
- First Week of Term: 100%
- After First Week of Term: 0%

Fall and Spring Semesters (16-Week Schedule)
- During First Two Weeks of Semester: 100%
- After Second Week of Term: 0%

Fall and Spring Semesters (8-Week) Schedule
- First Week of Term: 100%
- After First Week of Term: 0%

After the second week of classes, there will be no refund of tuition and fees. Title IV financial aid recipients who withdraw from all courses are subject to the federal refund policy. For more information, contact the Financial Aid Office at 618.545.3080. For courses not conducted following the regular calendar terms, the tuition refund shall be computed on the fractional portion of the class time used before the classes are dropped. For more information, please contact the Cashier’s Office at 618.545.3057.
DROP/WITHDRAWAL PROCEDURES
It is the student’s responsibility to initiate the drop/withdrawal process. Each student is responsible for initiating the withdrawal request by completing the withdrawal form, which is available in the Admissions and Registration Office, at any KC Education Center, by emailing kcadmissions@kaskaskia.edu, or withdrawing online using the “Register and Drop” option in the Student Self Service on myKC and cannot be completed by phone. Failure to officially withdraw from classes may result in “F” grades.

Students have the privilege of dropping from classes without the classes becoming a part of their academic record if they adhere to the following guidelines:
1. Fall or spring semester (16-week schedule) - during the first two weeks of the semester
2. Fall or spring semester (8-week schedule) – during the first week of the semester.
3. Summer semester (8-week schedule) - during the first week of the semester
4. Twelve-week class - during the first eleven calendar days

Students are advised to consult the Admissions and Registration Office for the exact dates that will apply to any irregular length course.

Reminder: Students will only receive a 100% refund for classes dropped within the time frames shown above.

What happens after I apply for financial aid?

SUBMITTING REQUESTED DOCUMENTATION

After the FAFSA is completed electronically, the information will be sent to
your designated school choices within 3-5 business days. If Kaskaskia College is listed as a school choice, you will receive notification from the Financial Aid Office requesting additional documentation. All communication through the Financial Aid Office will be done through the KC student email via myKC. If a student does not have internet access, information can be mailed per student’s request. All students must provide some documentation to the Financial Aid Office for award eligibility to be determined.

Documentation requested is specific to the individual student. Financial Aid is responsible for ensuring information provided on FAFSA is accurate. Students may be asked to provide tax information, proof of income, and residency status.

The Financial Aid Office encourages students to start the financial aid process early. It is important to provide requested documentation to the Financial Aid Office in a timely manner to allow processing.

**Award Notification**
Once a student has provided all requested documentation to the Financial Aid Office, the FAFSA application will go through verification. Verification is the process of checking the information reported on your FAFSA for accuracy. The Department of Education selects what information a student will need to provide for the verification process. The verification process can take up to two weeks or more. It is important to provide requested documentation in a timely manner to allow processing to take place.

After the verification process is completed students are sent an Award Notification to their KC student email. A student may view financial aid eligibility at any time via their myKC under the Web Advisor/Self Service tab.

**Determining Financial Need**
The family information you provide on the Free Application for Federal Student Aid (FAFSA) is calculated by the federal government’s comprehensive formula, to determine the amount the student and family can contribute. The amount that your family is expected to contribute to educational costs is the expected family contribution (EFC).

The expected family contribution is then subtracted from your total cost of attendance, which includes tuition, room and board, estimates of personal expenses and transportation. The remaining amount is your financial need, which becomes the basis for the financial aid award.

- Cost of Attendance (COA)
- Expected Family Contribution (EFC)
- Financial Need
Cost of Attendance - Expected Family Contributions = Financial Need

The student budget for 2020-21 used to estimate Cost of Attendance is as follows for a full-time, in-district student during the nine-month school year.

Direct costs:
Tuition & fees (estimated lab fees)
(based on 15 credit hours for 2 semesters) ................................................. $4,560
Estimate Lab Fees ..................................................................................... $260
Books/Supplies (estimate for 2 semesters) ................................................ $1,437
Estimated Total Direct Costs ................................................................ $6,256

Room, board, transportation, and personal expenses vary greatly with each student’s individual situation; however, for financial aid purposes, these costs are estimated as follows:

For dependent students:
Direct Costs ............................................................................................... $6,256
Room and Board ....................................................................................... $4,266
Transportation ............................................................................................. $2,688
Personal Expenses ..................................................................................... $3,200
TOTAL (for dependent students).............................................................. $16,410

For independent students:
Direct Costs ............................................................................................... $6,256
Room and Board ....................................................................................... $8,532
Transportation ............................................................................................. $2,680
Personal Expenses ..................................................................................... $3,200
TOTAL (for independent students).............................................................. $20,676

TYPES OF FINANCIAL AID

Students may receive financial aid from the following programs to help meet their educational financial needs:

Grants and scholarships
Student Employment (wages earned through campus employment)
Loans (money, which must be repaid)

UNUSUAL CIRCUMSTANCES AFFECTING FAMILY INCOME

If a student or a student’s family has experienced unusual circumstances that have substantially impacted family income in a negative way, such as death, divorce, unemployment, or medical and/or dental expenses not covered by insurance, a special circumstance appeal may be filed.

Contact the Office of Financial Aid and request a Special Circumstance Form.
Supporting documentation must be attached to your appeal before a review will be conducted.

A Financial Aid Director will conduct a professional judgement review. The decision of the Office of Financial Aid is final.

**FINANCIAL AID BEYOND COST OF ATTENDANCE**

When financial aid received is greater than the Cost of Attendance, aid must be reduced in the following order:

1) loans  
2) work-study  
3) scholarships  
4) grants

**GRANTS AND SCHOLARSHIPS**

**Federal Pell Grant**

The Federal Pell Grant provides gift aid for students who demonstrate financial need. The student must be enrolled in an eligible certificate program or a two-year degree program. The Pell Grant will assist students with expenses such as tuition, fees, books and other educational expenses.

**Federal Supplemental Educational Opportunity Grant (FSEOG)**

Students who have eligibility for a Federal Pell Grant may be considered for this grant. Due to limited funds, priority is given to students with exceptional need who have completed their financial aid files early. FSEOG will first be applied to any tuition and fees owed the college. Check disbursement policies are the same as for the Federal Pell Grant.

**Illinois Student Assistance Commission (ISAC) Monetary Award Program (MAP) Grant**

Students apply by indicating on their FAFSA that information is to be forwarded to their state of residence. The MAP Grant provides payment toward tuition and mandatory fees to eligible students enrolled at least half-time who are Illinois residents for at least one year prior to the start of the academic year. Due to limited funds, priority is given to students who complete their FAFSA early.

**Federal Work Study Program**

Federal Work Study (FWS) is based upon a student’s financial need according to the FAFSA. Students who are offered Federal Work Study have the ability to seek employment at Kaskaskia College. FWS is contingent upon employment.
FWS funds are earned by working and paid through paychecks. Students may complete online application via myKC. Students must have FAFSA submitted to Kaskaskia College to be considered for employment. All students in student employment program are required to undergo a background check prior to beginning employment. Students must enroll and complete Employee Soft Skills as a student employment requirement. For additional information, please contact the Financial Aid Office 618-545-3080.

*Answers for those hard questions your parents ask…*
I am a dependent student and my parents won’t give me the information I need? Completing the grant and scholarship applications for college can be a confusing and stressful time for families. Many parents refuse to help their children pay for college or even supply the necessary information for students to complete financial aid and scholarship applications. This is a major problem many students face when they make the decision to attend college.

According to the federal government, the family is ultimately responsible for the cost of a student’s education. Whenever a family’s resources are insufficient to cover the costs, the state and federal governments provide assistance in the form of grants, scholarships, work-study and loans. A student’s eligibility is determined by the family information provided on the Free Application for Federal Student Aid (FAFSA).
While there may be many reasons why parents may refuse to provide the necessary information to help their children, some of the more common reasons are:

• Parents may believe they are no longer responsible for the child’s education when a child reaches the age of 18. However, for educational purposes, a student does not become independent until they are 24 years old by December 31 of the award year. For example, students born after January 1, 1996 are considered dependent for the 2020-21 academic year. A student born before January 1, 1995 is no longer required to submit parental information if:
  1) the student is married
  2) the student is or was a ward of the court until age 18
  3) the student is a veteran of the Armed Forces
  4) the student has legal dependents (receiving more than half of the support from the student), or
  5) the student has already received a bachelor’s degree.

• Some parents are concerned about the privacy of their income information that must be supplied on the application forms. However, all information is protected under the Family Educational Rights to Privacy Act of 1974 (FERPA) and is strictly guarded by the Financial Aid Office at the school the student will attend.

• In a divorce situation, a refusal is often used as a weapon against the other parent or there is fear that the information may be divulged to the other parent. Again, FERPA protects privacy and is strongly enforced by the Financial Aid Office.

• Stepparents may feel it is unfair that the applications require their information when stepchildren attend college. However, when parents remarry, the stepparent assumes responsibility for the child for FAFSA filing purposes, regardless of the divorce decree or prenuptial agreement.

• Parents have not filed tax returns or paid their taxes. Tax evasion is a serious violation of law punishable by fines and imprisonment.

• Parents think they make too much money and that the application is a waste of time. Many families are very surprised to discover that children actually do qualify for financial aid after they apply.

If there are serious mitigating circumstances in a student’s life that are contributory to the student being unable to live in the family home, then a student may be able to appeal to the Financial Aid Administrator at the school he or she will be attending for a professional judgment dependency override. These circumstances include the student being unable to reside in the family due to health, safety, or welfare concerns. The student will have to provide the Financial Aid Administrator with proper documentation such as copies of orders of protection, court documents, social worker reports, police records, medical
reports, witness statements, etc. A student who simply does not want to live with his or her family does not constitute a basis for an appeal. We applaud those parents who accept their responsibilities and help their children achieve the education that is vital in the world today. The Kaskaskia College Office of Financial Aid is dedicated to the success of the student. If you would like to speak with a professional regarding the financial aid process, contact the Office of Financial Aid at (618) 545-3080 or toll-free at (800) 642-0859.

FEDERAL RETURN OF FUNDS POLICY

Return of Financial Aid Funds at Withdrawal

Financial Aid is awarded based on student’s active participation during a given semester. Students receive aid for each day they are enrolled and attending course. If a student chooses to withdraw or stopping attending all courses during the semester their financial aid will be reviewed to determine their percent of
The review process for a student’s percentage of entitlement is known as a Return of Funds. A student is subject to a Federal Return of Funds if she/he withdraw from all courses and has received Title IV Financial Aid (Federal Pell Grant, FSEOG, Direct Loans). Students who withdraw on or before the 60% point in time will have their aid prorated.

**Defining 60 percent of a term**
The federal formula to calculate "60 percent" takes the number of calendar days you complete in a term, divided by the total number of calendar days in that term. If student withdraws or stops attending before the 60 percent point of that term, the student may have "unearned aid" that will need to be returned to the applicable Title IV programs.

**What are "earned" and "unearned" aids?**
During the first 60 percent of a term, the student "earns" Title IV funds in direct proportion to the length of time enrolled. If enrolled beyond the 60 percent point, the student earns all the aid for that period. "Unearned aid" covers federal financial aid funds accepted, but have not yet earned by attending for a full term.

**How is the amount of unearned aid determined?**
The federal "Return of Title IV Funds" formula dictates the amount of federal Title IV aid that must be returned to the federal government by Kaskaskia College and the student. The percentage of Title IV aid to be returned—the unearned aid—equals the number of calendar days the student completed in the term divided by the total number of calendar days in the term.

**Who is responsible for repaying unearned aid?**
The student and Kaskaskia College share the responsibility to repay unearned aid, based on the proportion each is assumed to possess. If the student and Kaskaskia College are required to return all or a portion of the financial aid that was accepted, this situation could result in the student owing aid funds to Kaskaskia College, the government, or both.

Kaskaskia College’s share is returned by allocating the funds among the Title IV programs in this order:
1. Federal Unsubsidized Stafford Loan
2. Federal Subsidized Stafford Loan
3. Federal Grants (Pell Grants and TEACH Grants)
Any remaining unearned aid is the student’s responsibility, and Kaskaskia College is responsible to collect it from the student and then allocate it among the Title IV programs in the order shown above.
What is the timeline for return processing?
Kaskaskia College calculates and returns its share of unearned Title IV funds no later than 30 days after the date of withdrawal or when a student stops attending.

Other information about withdrawals and tuition refunds
The student may also be eligible for a refund of a portion of the tuition and fees paid to Kaskaskia College for the semester, according to the Kaskaskia College Tuition Refund Policy.

If the student withdraws completely from Kaskaskia College, he/she must do so according to Kaskaskia College Withdrawal Guidelines and Policy.

REPAYMENTS
Students who have received Title IV funds for non-institutional expenses such as books, living expenses, transportation, as well as students who completely withdraw from college, may owe a repayment of a portion of these funds that have been disbursed. Repayment of financial aid funds owed by the student will not be used by the college to satisfy unpaid charges, but will instead be returned to the Department of Education. If the college cannot collect the repayment from the student, the student is reported to the NSLDS as being in overpayment status. Students owing a repayment are ineligible for any Title IV assistance at the school until the repayment is made and will be referred to the Department for collection. Repayments will be made in the following order:

1) Federal Pell Grant
2) FSEOG
3) Other Title IV Aid Programs
4) Other Federal Sources of Aid
5) Other State, Private, or Institutional Aid
6) Student

STANDARDS OF ACADEMIC PROGRESS FOR FINANCIAL AID RECIPIENTS
The Kaskaskia College Office of Financial Aid is required by the United States Department of Education, and Illinois Student Assistance Commission to monitor academic progress for students receiving federal and/or state financial assistance. Satisfactory Progress Standards are used to ensure that students who receive any federal and state assistance are satisfactorily progressing towards their educational goals in an approved certificate or degree program. Students must be in compliance with the Federal Aid Satisfactory Progress Policy regardless of whether the student has previously received any financial aid. All semesters of attendance are included in the evaluation. All transfer coursework that has been accepted for credit by Kaskaskia College will be considered in determining eligibility. Students who have not previously received
financial aid will not be notified of their status until they have applied for financial aid.

**SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY**

**I. Authority**

In accordance with the U.S. Department of Education and State of Illinois student aid regulations, Kaskaskia College (KC) is required to establish minimum standards of Academic Progress to qualify for federal and state financial aid. The purpose of the policy is to ensure that students are making progress toward the completion of their educational program of study. Students who do not attend or withdraw from classes, defer grades and perform poorly will not maintain satisfactory academic progress toward completion of their program of study and will become ineligible for financial aid. Minimal standards are subject to change in accordance with the U.S. Department of Education and State of Illinois regulations.

**II. Financial Aid Programs Covered**

The Satisfactory Academic Progress (SAP) policy applies to students who are requesting or receiving funds from the following federal and state financial aid programs:

- Federal PELL Grant
- Federal Supplemental Educational Opportunity Grant
- Federal Work-Study
- Federal TRIO
- Federal TEACH Grant
- Federal Veterans Educational Benefits
- ISAC, Monetary Award (MAP)
- ISAC, Illinois Veterans Grant
- ISAC, Illinois National Guard
- MIA/POW

**III. Minimum Academic Standards Requirements**

The SAP policy measures a student’s academic progress in three ways. Students must meet all three standards to be in good status.

A. *Cumulative Grade Point Average* - You must achieve and maintain at least a cumulative grade point average of 2.00 in all credit hours attempted at KC including transferred credits

B. *Cumulative Completion Rate (CCR)* - KC’s CCR measures the pace a student is progressing through his/her program. Each student must pass a minimum of 67% of program-required courses attempted to ensure the student will complete the program within the maximum time frame. The CCR is calculated by taking total credit hours earned and dividing them by total credit hours attempted. The CCR is calculated for each student after each
semester. A student’s GPA and pace is affected by course incompletes, withdrawals, repetitions or transfers of credit. For CCR purposes all hours are counted for all terms, even those for which the students did not receive financial aid as well as those usually waived under Academic Renewal Policy. The only courses that will be used to calculate the CCR are courses as follows:

1. Courses that are required for the student’s program with a grade of ‘A’, ‘B’, ‘C’, or ‘D’
2. All accepted transfer credits
3. Remedial coursework is accepted if the credit hours earned apply toward the degree or certificate program and no more than 30 credit hours will be allowed for financial aid benefits.

Grades of ‘I’, ‘W’ or ‘F’ are not considered completion

C. Maximum Time Frame - You must complete your program of study within 150% of attempted credit hours relative to credit hours required to complete the program. Example: A degree-seeking student may attempt no more than 90 credit hours in order to complete a 60 credit hour program; a certificate-seeking student may attempt no more than 45 credit hours to complete a 30 credit hour program.

Note: If during the SAP review it becomes clear that you cannot mathematically complete your program within the maximum time frame, you become ineligible for financial aid.

IV. Frequency of Evaluation - The SAP of degree seeking and certificate seeking students will be evaluated at the end of each semester: fall, spring and summer. After each semester, students will be placed in the appropriate status as outlined in Section V.

V. Initial, Satisfactory, Warning, Suspension and/or Maximum Time Frame and Probation Status

A. Initial Status: Students who have no academic record at the College and are applying for financial aid for the first time are placed in initial status. Students in initial status may receive financial aid if otherwise eligible.

B. Satisfactory Status: Financial aid applicants who meet the standards in Section III are in satisfactory status. Students in satisfactory status may receive financial aid if otherwise eligible.

C. Warning Status: When financial aid applicants are in satisfactory status and do not meet the standards in Section III, they are placed in warning status. Students in warning status may receive financial aid if otherwise eligible.

D. Suspension Status and Maximum Time Frame Status: When financial aid
applicants who are in warning status do not meet the standards in Section III, they are placed in suspension or maximum time frame status and are not eligible to receive financial aid.

Following is an example of how a student might fail to meet the 67% unit completion requirement: A student awarded financial aid based on full-time (12) credit hours must complete 8 credit hours during the term to meet SAP standards. This student met SAP standards in the fall but failed in the spring and summer.

E. Probation Status: When financial aid applicants who are in suspension and/or maximum time frame status submit an appeal and the appeal is granted, they are placed in probation status for one semester. If after that semester the student does not meet the standards in Section III, they become ineligible to receive financial aid. Students in probation status may receive financial aid if otherwise eligible.

Note: Students who have an academic record at the College, including transferred classes, and are applying for financial aid for the first time at the College will be evaluated according to the SAP policy in Section III and placed in the appropriate status.

VI. Appeal of Suspension and Maximum Time Frame Status - Students who are in suspension and/or maximum time frame status may appeal their eligibility for financial aid to the SAP Appeals Committee based on extenuating or special circumstances, such as death of a relative, injury or illness. Financial need is not sufficient criteria on which to base your appeal. There must be reasonable expectations that a student can regain eligibility if reinstated. Steps to appeal include:

*The appeal process is completed online using your myKC:*

Visit www.kaskaskia.edu
- On the left-hand column select “myKC”
- Enter your student KC ID without any leading zero
- In the Web Advisor/Self Service section, select “Financial Aid” then select “Financial Aid Appeal Application”
- Fill out the appeal in its entirety answering all questions.
• Students are also required to review a program evaluation for their program of study
  1. Follow the link in the appeal for it to access the program evaluation
  2. Select the degree or completion the student is pursuing and click “submit”
  3. Review the Program Evaluation and complete the Program Evaluation section of the appeal form
  4. Program Evaluations can also be accessed on myKC, under Web Advisor for Students, select “Academic Profile” and then select “Program Evaluation”
• Submit any third-party documentation to the Financial Aid Office that supports the special circumstances, which resulted in the student suspension and/or maximum time frame status and how the circumstances have been resolved.
• The student must complete the appeal and have it approved before financial aid will be considered.
• The SAP Appeal Committee meets on a regular basis. Students will be notified of the Committee’s decision by email within 30 calendar days of submission. The decision of the committee is final. For those students whose appeal have been granted they will be placed on Probation.

VII. Notification of Status - The Financial Aid Office will notify the student when he/she is in warning, suspension and/or maximum time frame and probation status. However, it’s the student’s responsibility to know their status and if they are eligible for financial aid.

VIII. Notice - The College’s SAP policy is subject to change without notice to comply with federal or state regulations, or Kaskaskia College Board of Trustee policy or action. For the most current Satisfactory Academic Progress Policy, visit www.kaskaskia.edu/financialaid.

ILLINOIS ARTICULATION INITIATIVE

Institutions in Illinois grant two types of transferable Associate degrees. The Illinois Articulation Initiative general education package is part of both. The Associate of Arts degree, or A.A., has a full general education package (GECC) fully incorporated. When you complete an A.A. degree and transfer, your general education requirements should be waived at the next 4-year IAI participating institution you choose to attend. The Associate of Science degree, or A.S. is specifically designed for science, technology, engineering, and mathematics, or STEM, areas of study. This degree has a modified general education package which allows students in these demanding fields the opportunity to remain on track with their cohorts at the 4-year institutions and complete a couple of general education courses after they transfer to their institution of choice. Under the A.S. degree model, students will take one additional math course and one science course, which will delay two GECC courses in the Humanities and Fine Arts and Social and Behavioral Sciences categories. The GECC package remains intact; however, a student will complete the package upon transfer to a university.

Kaskaskia College, by and through its Student Services division, is committed to provision of timely support and facilitation of referral for students, faculty and staff in addressing student behavioral and mental health issues and promoting student safety and academic success. The goal of the team is to provide threat assessment, early identification of needs, assistance to persons on campus and facilitation of referrals. The existence of the Team in no way guarantees that incidents will be prevented. The Team is not a crisis response entity and should an incident occur, the Kaskaskia College emergency plan would become operational. Kaskaskia College assumes no liability for any identified or unidentified crisis situations that occur either with or without involvement of the SWIFT Team.

The SWIFT provides students with confidential, respectful proactive support, while offering resources and balancing the educational needs of students with the mission of Kaskaskia College. Campus wide support of the process is essential because staff and faculty are on the “front lines” with the student, often on a daily basis. If students are experiencing behavioral or mental health issues which may interfere with their learning, a faculty or staff member may submit a
SWIFT referral. Team members will contact the student and respond with support and referral to professional services when needed. Together we can help ensure a safe and supportive learning environment. Referrals to SWIFT can be made to the Vice President of Student Services office at 545-3033.

ACADEMIC RENEWAL POLICY

GENERAL POLICY STATEMENT

Kaskaskia College is committed to providing its students the opportunity to
succeed academically. The Academic Renewal Policy pertains to Kaskaskia College students who have a period of at least seven consecutive years of non-attendance at any institution of higher education prior to returning to college.

This policy provides students with the opportunity to have their cumulative grade point average reflect their current academic success. Therefore, following the period of non-attendance, a student must complete at least 12 credit hours at Kaskaskia with a grade point average of “C” or better before he/she may utilize this policy.

This option is a one-time irreversible action that allows previously earned credit to no longer be included in the student’s Kaskaskia College grade point average. It is the student’s responsibility to ascertain if use of this policy would affect his/her current status, particularly financial aid eligibility.

Students who have completed and earned a degree or certificate from Kaskaskia College are not eligible for this policy.

**Definition of Academic Renewal**
Academic Renewal is the process whereby a student who has not been enrolled in an institution of higher education for seven consecutive years may submit an appeal to have all courses taken in a specific semester removed from his/her Kaskaskia College grade point average.

1. Upon returning to Kaskaskia College, the student must complete at least 12 semester hours with a grade point average of “C” or better before they are eligible to utilize this policy.
2. A student must use this policy on all courses taken in a particular semester.
3. A student may use this policy once for one semester only.
4. Upon approval, a revised grade point average will be displayed upon the Kaskaskia College transcript.

**ACADEMIC RENEWAL PROCEDURE**
1. A student may petition the Dean of Enrollment Services for academic renewal.
2. The student and the Dean of Enrollment Services or his/her designee will discuss whether academic renewal is the appropriate course of action.
3. If appropriate, and after the student has successfully completed at least 12 semester hours with a grade point average of at least 2.0, the Dean will recommend that recorded grades be removed from the student’s Kaskaskia College grade point average.
4. The courses removed from the student’s grade point average must remain on the student’s transcripts due to financial aid regulations but they will be
marked with a symbol to indicate that they are no longer included in the student’s grade point average.

5. A student who disagrees with the actions of the Dean of Enrollment Services may appeal in writing to the Vice President of Student Services.

STUDENT COMPLAINTS POLICY

Kaskaskia College is committed to ensuring that student complaints are handled effectively and in a timely manner. Therefore, student complaints concerning issues other than grade appeals or claims of harassment shall be handled in accordance with established procedures. For complaints concerning grade appeals or claims of harassment, separate procedures have been established and are provided elsewhere in this publication.

(Non-Grade Appeal and Non-Harassment Issues)

Steps to be followed:

1. Informal Resolution—within ten working days of the problem or incident occurring, the student should confer with the individual who is the subject of the complaint in an effort to resolve the issue informally. If the particular situation is not amenable to the student addressing the individual, then this step can be skipped.

2. If the student is not satisfied that the complaint has been resolved in Step 1 or if no response is provided to the student through Step 1 above, then the student is required to file a written complaint, using the Complaint Information Form. The completed form should be submitted to the immediate supervisor, department head, or division Dean of the subject of the complaint within twenty working days of the problem or incident occurring. The Student Complaint Reporting form can be obtained from the Kaskaskia College website at www.kaskaskia.edu, by contacting the Office of Admissions and Registration or any Education Center.

3. The recipient of the completed form will review the written complaint and obtain any additional information needed for resolving the complaint. After such review is completed, and within 10 working days of receiving the written complaint, the immediate supervisor, department head, or division Dean shall respond to the student in writing. If the complaint is determined to have merit, the College will take appropriate action to resolve the complaint. If the complaint is not determined to have merit and not resolved to the student’s satisfaction, the student may proceed to the next step if he/she chooses.

4. If the student is not satisfied with the results of Step 3, he/she may appeal to the appropriate Vice President (or President where he/she is the immediate supervisor). Such appeal must be made in writing and must be made within five working days of receiving the decision from Step 3.

5. The Vice President (or President where he/she is the immediate supervisor) will review the written complaint and obtain any additional information needed for resolving the complaint. After such review is completed, and
within 10 working days of receiving the appeal, the Vice President (or President) shall respond to the student in writing. If the complaint is determined to have merit, the College will take appropriate action to resolve the complaint. If the complaint is not determined to have merit and no College action is taken, the student may proceed to the next step if he/she chooses. If the President is the immediate supervisor in this Step, the decision rendered is final.

6. If the student is not satisfied with the results of Step 5, he/she may appeal to the President (if the President was not involved in Step 5). Such appeal must be made in writing and must be made within five working days of receiving the decision from Step 5.

7. The President will review the written complaint and obtain any additional information needed for resolving the complaint. After such review is completed, and within 10 working days of receiving the appeal, the President shall respond to the student in writing. The President’s decision rendered is final.

Please note that the student may terminate the above process at any point by sending a written notice to the last individual contacted through the above procedures.

Please note that for questions regarding the appropriate personnel to contact pursuant to the above procedures, students should contact the KC Complaint Officer, Amy Troutt at (618) 545-3048 or via email atroutt@kaskaskia.edu.

HARASSMENT POLICY

GENERAL POLICY STATEMENT

Kaskaskia College is committed to providing its employees and students with a work and learning environment that is professional and free of unlawful discrimination, including harassment, on the basis of legally protected status. Accordingly, the College prohibits all harassment, including sexual harassment, based on protected group status and will not tolerate any form of harassment. This policy includes conduct directed toward any student or employee by any co-worker, student, supervisor, vendor, client or any other third party. Everyone at Kaskaskia College is responsible for ensuring that our College is free from harassment and is expected to avoid any behavior or conduct that could reasonably be interpreted as harassment. The College will take whatever action is needed to prevent, stop, correct or discipline behavior that violates this policy. Disciplinary action may include, but is not limited to, oral or written warnings, demotion, transfer, suspension or dismissal for cause. The College will take measures to periodically educate and train employees regarding conduct that could constitute a violation of this policy. All employees are expected to participate in such education and training.
**Definition and Examples of Sexual Harassment**

Sexual harassment may involve the behavior of a person of either sex toward a person of the opposite sex or the same sex and can occur on or off campus.

1. Prohibited sexual harassment is defined to include unwelcome sexual advances, requests for sexual favors and other verbal, physical, visual or other expressive behaviors or physical conduct commonly understood to be of a sexual nature, when:
   a. Submission to or toleration of such conduct is made, either explicitly or implicitly, a term or condition of instruction, employment, or participation in other College activities;
   b. Submission to or rejection of such conduct is used as a basis for employment or academic decisions or assessments affecting the individual’s status as an employee or student; or
   c. Such conduct has the purpose or effect of unreasonably interfering with an individual’s status as a student or employee or creates an intimidating, hostile or offensive work or educational environment.

2. The fact that someone did not intend to sexually harass an individual is generally not considered a defense to a complaint of sexual harassment. It is generally the characteristics and context of the behavior and how the behavior could be reasonably perceived by the affected individual that determine whether sexual harassment occurred.

3. Examples of behavior that may be considered sexual harassment include, but are not limited to, the following:
   a. physical/sexual assault
   b. direct or implied threats that submission to sexual advances will be a condition of employment, work or academic status, promotion, grades or letters of recommendation
   c. repeated sexual flirtations, advances or propositions
   d. the posting of sexually suggestive objects, pictures, cartoons or posters
   e. suggestive or obscene letters, notes or invitations
   f. comments of a sexual nature and/or sexually explicit statements, questions, jokes or anecdotes
   g. offensive physical contact, such as patting, grabbing, pinching or brushing against another’s body

4. For conduct to be considered sexual harassment, it need not be direct or explicit. Sexual harassment can be implied from the conduct, circumstances, and the relationship of the individuals involved.

**Prohibited Conduct**

The conduct prohibited by this policy includes unwelcome conduct, whether verbal, physical or visual that is based upon the individual’s protected status, such as sex, color, race, national origin, religion, age, disability, sexual
orientation or other protected group status as defined by law. This policy also prohibits malicious and/or knowingly false accusations.

**Retaliation**
Kaskaskia College forbids retaliation against any individual for seeking information on harassment, making a charge, filing a harassment complaint, or testifying, assisting, or participating in an investigation, proceeding or hearing involving a complaint of harassment.

**Confidentiality**
All parties in the complaint process are obligated to protect the privacy of all persons involved. The College will take reasonable steps to ensure confidentiality; however, confidentiality cannot be guaranteed.

**Complaint Procedures**
Individuals may report acts of harassment using the procedures following this policy and/or may file a complaint with an external agency. A complaint filed with an external agency does not initiate the College’s internal complaint procedures.

**NON-HARASSMENT PROCEDURE**
If an individual believes that he/she has experienced or witnessed any conduct that may be inconsistent with this policy, he/she should immediately notify the Human Resources Department or one of the following:

1. College President
2. Vice President of Administrative Services
3. Vice President of Instructional Services
4. Vice President of Student Services
5. Dean of Arts and Sciences
6. Dean of Career and Technical Education
7. Dean of Nursing
8. Complaint Officer

When one of these individuals receives such a report, he/she will immediately notify the Human Resources Department, which will begin an investigation. All reports of conduct that is inconsistent with this policy will be promptly, thoroughly and impartially investigated as expeditiously as possible. As part of the investigation, all involved parties will have an opportunity to present information. If an investigation confirms that a violation of this policy has occurred, the College will take corrective action including discipline, up to and including dismissal or expulsion, as is reasonable and appropriate under the circumstances.

In the event of a violation of this policy by an individual who is not a College
employee or student, the College will take corrective action that is reasonable and appropriate under the circumstances.

**Retaliation**
Any individual that believes he/she has experienced or witnessed any conduct he/she believes to be retaliatory should immediately notify the Human Resources Department or any of the individuals named above.

**Confidentiality**
All parties in the complaint process are obligated to protect the privacy of all persons involved. The College will take reasonable steps to ensure confidentiality; however, confidentiality cannot be guaranteed.

**STUDENTS WITH DISABILITIES ACCOMMODATIONS AND PROCEDURES**
It is the policy of Kaskaskia College that educational opportunities will be extended to students with disabilities in accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. The College will therefore ensure that its physical facilities, programs and services are accessible to qualified students with disabilities.

Reasonable efforts will be made to offer programs for students with disabilities. In order to receive accommodations, students are required to notify the Disability Support Services (DSS) Office of their pending enrollment and furnish official documentation of their disabilities. To facilitate student integration and success, individualized services may be provided including tutors, readers, individualized testing, audio textbooks and other classroom materials, and referrals to community agencies. If the provision of services in an integrated setting is not practical for a particular student, then the feasibility of alternative opportunities for the student can be explored.

Students must register with the Disability Support Services (DSS) Office prior to each semester in order to receive accommodations.

In accordance with the Americans with Disabilities Act, the accommodations made for the benefit of students with disabilities must, at all times be “reasonable.” A “reasonable accommodation” is one which enables the prospects for success on the part of the student with disabilities under the following circumstances:

- The student has the ability to benefit from the accommodation.
- The accommodation will not “fundamentally alter” the program in terms of its educational standards and expectations;
The accommodation will not result in undue instructional, financial, or administrative burdens on other students or on the College as a whole. Kaskaskia College expects students with disabilities to benefit from instruction, complete class assignments, take exams, and achieve success along with their classmates. It is with these goals in mind that the college provides services and makes reasonable accommodations.

In the event that any student with a disability feels that he or she has been discriminated against or has generally been treated unfavorably due to her or his disability, that individual should follow the procedure listed below:

a. File a written complaint with the Vice President of Student Services within 10 school days of the incident.

b. When applicable, the Vice President of Student Services will attempt to resolve the issue in an informal manner.

c. Where an informal resolution is not possible, the student will be referred to the Disability Support Committee.

d. The Disability Support Committee will obtain sufficient information from the student and all relevant parties and then reach a decision.

e. Such decision will be forwarded to the Vice President of Student Services for review and approval. Student appeals of such decisions may be directed to the Vice President of Student Services.

CHRONIC COMMUNICABLE DISEASES

Students with a chronic communicable disease may attend Kaskaskia College when, through reasonable accommodation, the risk of transmission of the disease and/or the risk of further injury to the student is sufficiently remote in such setting so as to be outweighed by the detrimental effects resulting from the student’s exclusion from college. A determination shall be made using this standard, in conjunction with current public health department guidelines concerning the disease in question.

The determination of whether a student with a chronic communicable disease may attend college shall be made on an individual basis, in consultation with the Dean of Nursing and Allied Health Services, appropriate College personnel and a consulting physician, the student’s primary physician, public health personnel, and the student.

Decisions will be made based upon the facts of the particular case and may be re-evaluated periodically on a case-by-case basis. A student can appeal such decision to a panel of appropriate persons, selected by the College. The members of such panel may vary according to circumstances but could include,
but not be limited to, a medical expert designated by the College, a medical expert designated by the student, a public health official and an appropriate representative of the student.

Student with communicable diseases shall maintain all rights, privileges and services as provided by law and the policies and procedures of the College. The student’s medical condition will be kept as confidential as possible and shall be disclosed only to persons deemed to have “a direct need to know”. Such persons will be made aware of confidentiality requirements. The College shall follow current law on the public health requirements for reporting chronic communicable diseases to public health officials.

KASKASKIA COLLEGE RESPONSE TO COVID-19 PANDEMIC

The World Health Organization (WHO) declared the Coronavirus, which causes COVID-19 in humans, a Pandemic (Phase 6) on March 11, 2020. Following that declaration, the Governor of Illinois announced a “stay at home” order which resulted in all college courses being moved online with a few exceptions whereby students were able to return to campus in June 2020 to complete learning which required hands on instruction.

Illinois has adopted a five phase plan (Restore Illinois) for the citizens of the state to follow to reduce the spread of the virus. As Illinois enters “Phase 4” of the Governor’s Restore Illinois Plan, more face-to-face services were offered and plans for face to face instruction for this this fall are being implemented. The following is general guidance of the Kaskaskia College Return to School Plan, which will go into effect on July 1. These guidelines were created for the safety of our students and to ensure compliance with federal, state, and local directives. Because of the changing nature of COVID-19 and the Governor’s Restore Illinois Plan, this information may change without notice.

Restore Illinois Phase 4 Return to Campus Plan (KC Phase II)

• All students are required to self-assess their health conditions prior to entry by utilizing the KC prescreening tool available on the KC Connect Mobile App, the Kaskaskia College website or here: https://form.jotform.com/201484073821047.
• A face covering/mask is required indoors.
• Requirements for social distancing, face coverings and hand sanitizing will be provided on signage at the designated entrances and other key locations. As a general practice entrance will be restricted to one entry point for each building.
• Students will be required to maintain the six-foot social distancing guidelines, and the maximum of 50-person group interaction guidelines. The college will follow Illinois Community College Board and Restore Illinois guidelines.
• Deep cleaning and disinfecting of frequently used and “high touch” spaces continues at all facilities. Class times have been adjusted to allow for cleaning.
and disinfecting between classes.
• Food Service and vending will be limited during this time frame. Students, visitors, and employees can bring their own food. A microwave is available for use at each person’s discretion. The College is seeking alternative solutions through area vendors to increase food options for staff and students.

Students and visitors with questions can submit them to the coronavirus information request form at

In these unprecedented times, Kaskaskia College and its staff are taking every precaution necessary to keep our students safe as they continue their academy journey with us. The steps listed above are vital as we provide fall classes in manner to continually promote the health and well-being of everyone.

ACCEPTABLE USE OF KASKASKIA COLLEGE TECHNOLOGY RESOURCES

GENERAL
The Kaskaskia College Acceptable Use Policy promotes the efficient, ethical, and lawful use of the College’s information technology resources. These resources are intended to support the educational, administrative, and public service missions of the institution. Access to these resources is granted subject to College policies and procedures, local, state, and federal laws.

SCOPE
This policy applies to all users of Kaskaskia College technology resources, whether affiliated with the College or not, and to all uses of those resources, whether at the main campus, education centers, or other locations, whether leased or owned by the College, in addition to personally owned devices connected by wire or wireless to the College network. Information technology resources consist of all College owned, leased, licensed computing hardware and software, email services, electronic devices, telecommunication systems, college network, and electronically stored data.

ACCEPTABLE USE
All users of Kaskaskia College information technology resources must:

• Comply with all Federal, Illinois, and other applicable laws; all generally applicable College rules and policies; and all applicable contracts and licenses. Examples of such laws, rules, policies, contracts, and licenses include, but are not limited to, the laws of libel, privacy, copyright, trademark, obscenity, and pornography; the Electronic Communications Privacy Act and the Computer Fraud and Abuse Act, which prohibit “hacking,” “cracking,” and similar activities; the College’s Student Handbook; the College’s sexual harassment policy; and all applicable software licenses. Users who engage in electronic communications with persons in other states or countries or on other systems or
networks should be aware that they may also be subject to the laws of those
other states and countries and the rules and policies of those other systems and
networks. Users are responsible for ascertaining, understanding, and complying
with the laws, rules, policies, contracts, and licenses applicable to their
particular uses. The use of College technology resources for viewing, receiving,
sending or any other use of pornography, as defined by reasonable standards, is
strictly prohibited and is subject to disciplinary action up to, and including
discharge.

• Use only those technology resources that they are authorized to use and use
them only in the manner and to the extent authorized. Users are responsible for
ascertaining what authorizations are necessary, and for obtaining them before
proceeding. Accounts and passwords may not, under any circumstances, be
shared with, or used by, persons other than those to whom they have been
assigned to by the College. Ability to access technology resources does not, by
itself, imply authorization to do so use such resources.

• Respect the privacy of other users and their accounts, regardless of whether
those accounts are securely protected. Again, ability to access other persons’
accounts does not, by itself, imply authorization to do so. Users are responsible
for ascertaining what authorizations are necessary and for obtaining them before
proceeding.

• Respect the capacity of technology resources and limit use so as not to
consume an unreasonable amount of those resources or to interfere unreasonably
with the activity of other users. Although there is no set bandwidth, disc space,
CPU time, or other limit to applicable uses of the College’s technology
resources, the College may, at its sole discretion, require users of those
resources to limit or refrain from specific uses in accordance with this principle.
The reasonableness of any particular use will be judged in the context of all
relevant circumstances.

• Refrain from using those resources for personal commercial purposes or for
personal financial or other gain. Personal use of College technology resources
for other purposes is permitted when it does not consume a significant amount
of those resources, does not interfere with the performance of the user’s job or
other College responsibilities, and is otherwise in compliance with this policy.
Further limits may be imposed upon personal use in accordance with normal
supervisory procedures and the College has the sole discretion to determine
whether personal use of technology resources is interfering with the
performance of the user’s job or other College responsibilities.

• Refrain from stating or implying that they speak on behalf of the College and
from using College trademarks and logos without authorization to do so.
Affiliation with the College does not, by itself, imply authorization to speak on behalf of the College. Authorization to use College trademarks and logos on College technology resources may be granted only by the Marketing Department, as appropriate.

ACCESS REQUIREMENTS
Access to information technology resources is granted by the Information Technology Department in the form of computer and network accounts to registered students, faculty, staff, and others as appropriate for such purposes as research, education, or College administration. Unique passwords are used to protect these accounts.

Accounts are assigned to individuals and are not to be shared. Each User is solely responsible for all functions performed from accounts assigned to them. It is a violation of this policy for any user to allow others (including other users of the College network) to use or have access to his/her account. It is a violation to use another user's account, with or without that person's permission. Intentionally or negligently revealing one's password is prohibited. It is a violation to attempt to learn the password to another user's account, whether the attempt is successful or not.

• The password used with an account, is the equivalent of an electronic signature. The use of a user ID and password authenticates an identity and gives on-line affirmations the force of a legal document.

• Users are responsible for ensuring that they also comply with all Kaskaskia College information technology related policies. When other policies are more restrictive than this policy, the more restrictive policy takes precedence.

SECURITY AND PRIVACY
The College employs various measures to protect the security of its technology resources and of its users’ accounts. In addition, users should engage in “safe computing” practices by establishing appropriate access restrictions for their accounts, guarding their passwords, and changing them regularly.

Users should also be aware that their use of College technology resources is not completely private. While the college does not routinely monitor individual usage of its technology resources, the normal operation and maintenance of the College’s technology resources require the backup and caching of data and communications, the monitoring of general usage patterns, and other such activities that are necessary for the rendition of service. The College may also specifically monitor the activity and accounts of individual users of College technology resources, including individual login sessions and communications, without notice, when the College, in its sole
discretion, has determined that: (a) the user has voluntarily made them accessible to the public, as by posting to social networks or a web page; (b) it is necessary to do so to protect the integrity, security, or functionality of College or other technology resources or to protect the College from liability; (c) there is cause to believe that the user has violated, or is violating, this policy; (d) an account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns; or (e) it is otherwise required or permitted by law. Any such individual monitoring, other than that specified in “(a),” required by law, or necessary to respond to emergency situations, must be authorized in advance by the appropriate Executive Level Administration.

The College, in its sole discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate College personnel or law enforcement agencies and may use those results in appropriate investigation proceedings and disciplinary actions.

REPORTING VIOLATIONS OF UNACCEPTABLE USE REGULATIONS
Violations of this Acceptable Use Policy should be reported immediately to the Information Technology Department or Vice President of Administrative Services. The College will make every effort to maintain confidentiality to the extent possible consistent with other obligations.

INVESTIGATIONS
In the event of any investigation, the College shall have the authority to examine all data or such other material that may aid in the investigation. The College reserves the right to access and review all information transmitted on the campus network. These include, but are not limited to: (a) investigating performance deviations and system problems (with reasonable cause); (b) determining if an individual is in violation of this policy; or (c) to ensure that the College is not subject to claims of institutional misconduct.

Authority to access user account information can only come from the Executive Level of Administration. External law enforcement agencies and public safety may request access to this information through valid subpoenas and other legally binding requests. All such requests must be approved by the Director of Legal Services, Risk Management, and Planned Giving. Information obtained in this manner can be admissible in legal proceedings.

DISCIPLINARY ACTION
Users who violate this policy may be denied access to College technology resources and may be subject to other penalties and disciplinary action, both within and outside of the College. Violations will normally be handled through
the College’s disciplinary procedures applicable to the relevant user. The College may temporarily suspend or block access to an account, prior to the initiation or completion of such procedures, when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of college or other technology resources or to protect the college from liability. The College may also refer suspected violations of applicable law to appropriate law enforcement agencies.

ACCEPTABLE USE EXAMPLES
The following scenarios are intended to provide examples of acceptable and unacceptable uses of information technology resources based on the Acceptable Use Policy. These examples are not comprehensive but are merely illustrations of some types of acceptable and unacceptable use.

EMAIL POLICY
Kaskaskia College’s email services support the educational and administrative activities of the College and serve as a means of official communication. The purpose of this policy is to ensure that this critical service remains available and reliable, and is used for purposes appropriate to the College’s mission.
Acceptable:

• While at your friend’s house, you use their computer to connect to myKC to check your email. After you have finished, you log off of your account, close the browser window, and make sure your email password was not saved on the computer.

• While on vacation, you ask a staff person to check your email for you by forwarding your email to their account, removing the forwarding on your return.

• You need to review some specific student data, so you call the IT Department and request access.

• Your student worker does not have access to systems in order for her to do her job. You call IT and ask for her to have access.

• As a student, you go to the LRC to use the computer for study assignments and to print out your homework.

• You are running for political office. You use your personal email and home computer to promote your candidacy and refrain from sending the information to college-issued email addresses.

• As a member of the Media Center, you store a video of a musical performance on the network.

• Displaying a legally reproduced copy (with copyright notice) of a videotaped work in a classroom to a group of students and faculty as part of the instructional program.

Unacceptable:

• While your friend is using his or her computer, you give them your login and password to myKC and have them open your email.

• While on vacation, you ask another staff person to check your email by giving them your login and password.

• Another staff member is logged into Colleague and has access to student data that you do not. You ask her for her login and password.

• When your student worker arrives to work, you sign them into a computer using your own login and password.

• You wait until your classmates have left the computer lab, then you connect your USB drive to your computer and print out the invitations you made for your son’s birthday party.

• While running for political office, you use your KC email account to send out email about your candidacy to people who live in your district, promoting yourself as a candidate.

• As a staff member, you download all the pictures from your iPhone and store them on the College’s network so you can show everyone that stops by your desk.

• Playing a video in a classroom for entertainment purposes, or for its cultural or intellectual value unrelated to a teaching activity.

SCOPE

The email system is a vital part of Kaskaskia College’s Information Technology resources. It is a service provided to support necessary communication in conducting and administering academic and business related activities of Kaskaskia College. Access to these resources is granted subject to applicable College policies and procedures, including the Acceptable Use Policy for technology resources, as well as local, State, and Federal laws. This policy applies to all users of the Kaskaskia College email system and services, regardless of where the use is initiated.
GENERAL
Kaskaskia College assigns an email account to all faculty, staff and students consisting of an official College email address with a domain name of @kaskaskia.edu or @students.kaskaskia.edu. All official communications, pertaining to college-related business, will be emailed to these addresses. Kaskaskia College has the right to expect that all faculty, staff, and students check their College email account on a frequent basis and read their emails in a timely fashion in order to remain informed of official, college-related communications, which may contain time sensitive information or affect day-to-day activities.

Examples of official communications include but are not limited to:
• Departmental communications including but not limited to: Registration, Admissions and Records, Financial Aid, Payroll, Human Resources, President’s Office, etc.
• All communication between staff/faculty and students.
• Notices of scholarship, educational and financial aid opportunities.
• Notices and academic and other deadlines.

ACCESS TO EMAIL
Faculty, staff, and student email accounts are web accessible. Students who are not in possession of a home computer, or do not have access to a computer at work, can use computers available in the open computer labs at the main campus and all Education Centers.

SECURITY AND PRIVACY OF EMAIL
Kaskaskia College attempts to provide secure, private and reliable email services by following standard information technology practices. However, the College cannot guarantee the security, privacy or reliability of its email service. All email users, therefore, should exercise extreme caution in using email to communicate confidential or sensitive matters. It is especially important that users are careful to send messages only to intended recipient(s). Particular care should be taken when using the "reply" command during email correspondence. It is a violation of College policies, including the Student Conduct Code, for any user of a College email address to impersonate a College office or office, faculty/staff member, or student. To minimize this risk, confidential information will be made available through myKC or other secure web sites that are password protected. In these cases, students will receive email correspondence directing them to myKC (or other web sites), where they can access the confidential information by supplying their Student ID and PIN numbers. Confidential information will not be available in the email message.

REDIRECTING EMAIL
Email users may choose to forward their official KC email to another email
repository. However, this is not a recommended practice due to the risk of having such emails lost or blocked in the process of forwarding. Kaskaskia College is not responsible for the delivery failure of email, including attachments, forwarded to any non-KC email address. Therefore, such problems do not absolve the faculty, staff or student from knowing and complying with the content of the official communication.

EMAIL ADDRESSES AND ACCOUNTS

Employees
College email services are to be used by faculty and staff to conduct and communicate College business. Faculty and staff are required to use a KC-assigned email address for sending communications to students at the student’s official KC-assigned email address. Email services are provided only while a user is employed by the College or a student at the College and once a user’s employment with the College ends or a student is no longer enrolled for the time set forth below in this policy, the account is terminated.

Students
College email services are provided available for students to support learning and for communication by and between the various administrative departments and the students. Official email addresses shall be considered directory information.

Departmental
Departments that provide services in response to email requests should create a shared email account to help support departmental functional continuity for managing requests sent via email. Access to these accounts is limited to appropriate faculty and staff, and only in accordance with standard security practices.

ACCEPTABLE USE
Email users have a responsibility to review and comply with Kaskaskia College’s Acceptable Use of College Technology Resources policy. Violation of Kaskaskia College policies (including this one) may result in disciplinary action, dependent upon the nature of the violation.

Examples of prohibited uses of email include:

- Confidentiality regarding student records is protected under the Family Educational Rights and Privacy Act of 1974 (FERPA). All use of email must be consistent with FERPA regulations.
- Transmission between a KC email address and a non-“KC” email address must not be used to communicate highly sensitive data such as Personally Identifiable Information (PII) that, if exposed, can lead to identity theft.
Examples of PII include but is not limited to the first name or first initial and last name in combination with and linked to any one or more of the following data elements about the individual:

- Social security number
- Driver’s license number or state identification card number
- Passport number
- Financial account number, credit card or debit card number
- Email shall not be the sole method for notification of any legal action.
- Intentional and unauthorized access to other user’s email account.
- Sending "spam", chain letters, or any other type of unauthorized widespread distribution of unsolicited mail.
- Use of email for commercial activities or personal gain.
- Use of email for partisan political or lobbying activities.
- Use of email that constitutes any violations of the Student Handbook.
- Creation and use of a false or alias email address in order to impersonate another or send fraudulent communications.
- Use of email to transmit materials in a manner, which violates copyright laws.

For faculty convenience, student email addresses are displayed on class lists. Faculty may determine how email will be used in their classes. It is highly recommended that if faculty have email requirements and expectations, they will specify these requirements in their course syllabus. Faculty may reasonably expect that students are accessing their College email, and may use email for their courses accordingly. In addition to using student’s primary email addresses, online faculty and students may also communicate within Blackboard using its “Messaging” feature.

BEST PRACTICES IN USE OF EMAIL

Compliance
Emails must comply with relevant local, Federal and State laws, in addition to other related Kaskaskia College policies and procedures.

Viruses and Spyware
Kaskaskia College email users should be careful not to open unexpected attachments from unknown or even known senders, nor follow web links within an email message unless the user is certain that the attachment or link is legitimate. Following a link in an email message executes code that can also install malicious programs on the workstation.

Identity Theft
Forms sent via email from an unknown sender should never be filled out by following a link. Theft of one's identity can result.
Attachments
In order to effectively manage network resources, email attachments have a maximum size of 15Mb. All incoming and outgoing emails that exceed the allowable limit will not be delivered to the designated email account.

DRUG AND ALCOHOL ABUSE PREVENTION
AND EDUCATION PROGRAM FOR STUDENTS
AND EMPLOYEES

Kaskaskia College is required to comply with various federal statutes and state statutes regarding a Drug Free Workplace and Environment. Such statutes include the Drug Free Schools and Communities Act (Unified Statutes Code Title 20 Section 1011), Higher Education Opportunity Act of 2008, Section 107 Drug and Alcohol Abuse Prevention (Public Law 110-315), Drug Free Workplace Act (30 Illinois Compiled Statutes Chapter 580) and Title 34 of the Code of Federal Regulations - Education Department General Administrative Regulations (EDGAR) Part 86. Because of those statutes, the Board adopts the following policies:

The foregoing prohibitions against controlled substances or the use of alcohol are hereinafter referred to as "Prohibited Uses".
• The Vice President of Student Services should be contacted immediately if a student is suspected to be under the influence of drugs or alcohol.
• If an employee reports to work and is suspected to be under the influence of drugs or alcohol they may be subject to drug or alcohol testing. A refusal to submit to testing may be interpreted as a voluntary resignation. Human Resources should be contacted immediately if there is a suspicion that an employee is under the influence of drugs or alcohol.
• It is further a condition of employment that every employee notify the Director of Human Resources of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction. The College hereby certifies that it will notify any federal contracting agency within ten (10) days of having received notice that an employee who is engaged in the performance of such contract has had any criminal drug statute conviction for a violation occurring in the workplace.

Further, the College hereby certifies that within thirty (30) calendar days of receiving notice of an employee's drug conviction, the College will take appropriate personnel action against such an employee, up to and including termination or require such employee to participate satisfactorily in a drug abuse
assistance or rehabilitation program approved for such purpose by a federal, state or local health, law enforcement, or other appropriate agency.

The College recognizes that it is part of the American landscape that people have problems relating to the abuse of drugs or alcohol. The College encourages students and employees to voluntarily seek help in the event the student or employee is concerned with the use of drugs or alcohol. The seeking of rehabilitation does not, in all cases, automatically excuse ongoing disciplinary actions or violations of rules that have previously occurred, but may be used as a mitigating circumstance to any disciplinary proceedings. Those with specific drug-free participation requirements must comply with program standards.

SEXUAL AND GENDER BASED MISCONDUCT POLICY

GENERAL POLICY STATEMENT
Kaskaskia College asserts the dignity and worth of every human being and the value of diversity as a source of its strength, including diversity of race, gender, sexual orientation, gender expression, ethnicity, national origin, culture, age, religion, disability and different perspectives of students, faculty, staff and administrators. Kaskaskia College is committed to providing a learning and working environment that is free from discrimination and harassment based on the above factors and one that promotes civility and mutual respect.

Pursuant to the above philosophy, Title IX of the Education Amendments of 1972, The Violence Against Women Act, and the Illinois Preventing Sexual Violence in Higher Education Act, Kaskaskia College strictly prohibits discrimination, harassment and other forms of sexual and gender based misconduct. This policy focuses on the prohibition of the above committed against students in all aspects of College operations, programs, and activities, including, but not limited to: unfair treatment based on sex, sexual harassment, sexual assault, sexual misconduct, and sexual violence against other students, employees, or other third parties that may be affiliated with Kaskaskia College. This policy and accompanying procedures are designed to address issues directed at students. Employees who feel that they have been discriminated against or harassed based on sex or other protected factors should refer to the College’s Non-Harassment policy and procedures.
TITLE IX COORDINATORS
To ensure compliance with applicable statutes and College policies and procedures, Kaskaskia College has appointed the following Title IX Coordinators:

Such matters may also be reported to the Kaskaskia College Safety and Security Department, as follows:

Safety and Security

The Title IX Coordinators named above will work with the complainant to address the reported behavior, to ensure the complainant pursues the appropriate procedures for addressing the matter, to ensure a complete and thorough investigation is conducted and a resolution is completed, and to ensure that the complainant feels safe throughout the process.

IMMEDIATE ACTIONS TO BE TAKEN
In emergency situations, please call 911. Victims may call the SAFE Hotline at 1-800-625-1414 for assistance. Victims do not need to go through the situation alone – a friend, relative or crisis center representative can accompany and support individuals who have experienced sexual or gender based conduct. If an individual feels he/she has been the victim of any sex related offenses, after making a report to the offices above, and/or law enforcement, he/she should seek medical attention at a local hospital. Prior to receiving a medical
examination, he/she should do everything possible to preserve evidence by making sure that the scene of the incident is not disturbed. This will help in ensuring that any criminal charges that are filed can be supported, although the decision to file criminal charges does not have to be made at the time the incident occurs. Victims should not bathe, urinate, douche, brush his/her teeth, or drink liquids until evidence can be secured. Clothes should not be changed, but if they are, the victim should bring all the original clothing to the hospital or law enforcement agency in a paper (not plastic) bag. COOPERATION BY LAW ENFORCEMENT
Kaskaskia College will comply and cooperate with all investigations conducted by law enforcement at the local, State, or federal level. Such cooperation may require the College to temporarily suspend the investigatory process of a preliminary investigation while law enforcement is in the process of gathering evidence. Upon the completion of such evidence gathering, and upon notification of the law enforcement body, the College will promptly resume its investigation. During law enforcement evidence gathering and during the College’s investigation, the College will take interim steps to ensure the safety of the complaining party and the campus community.
GRIEVANCE PROCEDURE
Notwithstanding the initial reporting of incidents previously outlined, all incidents of sexual discrimination, including sexual misconduct or retaliation should be reported to one of the Title IX Coordinators listed. The Title IX Coordinators will ensure that thorough, reliable, and impartial investigations are conducted on all Title IX complaints.

INVESTIGATION
Upon a report of a violation of this policy, one or both of the Title IX Coordinators shall conduct an investigation. If the Title IX coordinator(s) determine that certain actions are required prior to an investigation being completed, in order to protect the safety and/or rights of the complainant and/or the alleged perpetrator, they will pursue such actions and will notify the President and other College employees, as necessary, to implement such actions. An example of such action would be if the complainant and alleged perpetrator have classes together and arrangements are made for one of the parties to take the class remotely while the investigation is pending. While the investigation is pending, the Title IX Coordinator(s) may pursue other resources in order to help the Complainant, such as counseling services.

Upon an investigation being initiated by one or both Title IX Coordinator(s), the Coordinator will notify the complainant in writing that an investigation is being conducted and give a reasonable time limit for the initial investigation to be conducted.

Typically, an initial investigation should be completed within ten (10) school days, but in some cases, additional time may be needed in order to complete it. The investigation will include, but not be limited to: interviews of the parties involved and any witnesses, review of relevant documents, e-mails, and text messages, and review of any other evidence gathered by the Title IX Coordinators or provided by the complainant or other witnesses.

Informal Procedures
Informal resolution procedures are optional. If complaints can be resolved informally, the situation does not involve sexual violence or non-consensual sexual acts, and both parties are agreeable to an informal resolution, then such procedures can be used. If either party is unsatisfied with the outcome of the informal resolution procedure, the formal resolution procedure may be pursued.

Formal Procedures
In situations involving sexual violence or non-consensual sexual acts between students, a formal complaint shall be filed by the complaining party with the Office of the Vice President of Student Services, which will follow established
investigation and complaint resolution procedures. In cases where the accused is a College employee or third party, a complaint shall be filed with the Human Resources Office, which will follow established investigation and complaint resolution procedures.

When complaints involve violations of the Title IX policy, there shall be no applicable timeframe limitations on initiating a conduct process, notwithstanding any other College policies or procedures. The standard of proof for determining violations of this Policy shall be: “Preponderance of the Evidence”, meaning that it is more likely than not that the accused violated this policy.

In all formal procedures involving allegations of violations of this Policy by students, the individuals involved in the adjudication of the complaint are required to have completed appropriate training approved by the Title IX Coordinator.

Definitions
A. Sex Discrimination - behaviors and actions that deny or limit a person’s ability to benefit from, and/or fully participate in, the educational programs or activities or employment opportunities because of a person’s sex. Examples under Title IX include, but are not limited to, sexual harassment, sexual assault, and/or failure to provide equal opportunity in education programs, activities, and athletics.

B. Sexual Harassment - unwelcome sexual advances, requests for sexual favors, and other verbal, physical, visual, or other expressive behaviors or physical conduct commonly understood to be of a sexual nature, when:

1. Submission to or toleration of such conduct is made, either explicitly or implicitly, a term or condition of instruction, employment, or participation in other College activities;
2. Submission to or rejection of such conduct is used as a basis for employment or academic decisions or assessments affecting the individual’s status as an employee or student; or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual’s status as a student or employee or creates an intimidating, hostile, or offensive work or educational environment.
4. Examples of Sexual Harassment include, but are not limited to:
   a. physical/sexual assault
   b. direct or implied threats that submission to sexual advances will be a condition of employment, work or academic status, promotion, grades, or letters of recommendation
   c. repeated sexual flirtations, advances, or propositions
d. the posting of sexually suggestive objects, pictures, cartoons, or posters
e. suggestive or obscene letters, notes, or invitations
f. comments of a sexual nature and/or sexually explicit statements, questions, jokes, or anecdotes
g. offensive physical contact, such as patting, grabbing, pinching, or brushing against another’s body

5. For conduct to be considered sexual harassment, it need not be direct or explicit. Sexual harassment can be implied from the conduct, circumstances, and the relationship of the individuals involved.

C. Sexual Misconduct—Encompasses any sexual behaviors that violate Kaskaskia College’s Title IX policy. In general, any harassing behavior or nonconsensual physical contact of a sexual nature may constitute sexual misconduct. Sexual misconduct may vary in its severity, and consists of a range of behaviors or attempted behaviors that may be grounds for student disciplinary action under College policy. Examples of prohibited Sexual Misconduct under this policy include:

1. Nonconsensual sexual contact, which is defined as any intentional sexual touching without consent.
2. Nonconsensual sexual intercourse, which is defined as any sexual intercourse, however slight, with any object or body part, by a man or woman upon another man or woman, without consent.
3. Forced sexual intercourse, which is defined as unwilling or nonconsensual sexual penetration with any object or body part that is committed either by force threat, intimidation, or through exploitation of another’s mental or physical condition of which the assailant was aware or should have been aware.

D. Sexual Contact—Intentional contact with the breasts, buttocks, groin, or genitals of another person, or touching another person with any of these body parts, or making another person touch you or themselves with or on any of these body parts. Also includes any intentional bodily contact in a sexual manner, even where the touching does not involve the body parts listed above and intercourse, however slight.

E. Sexual Exploitation—Occurs when a person takes nonconsensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the person being exploited, and that behavior does not constitute one of the other sexual misconduct offenses. Examples include, but are not limited to: prostituting another student and nonconsensual video or audio taping of sexual activity.

F. Relationship Violence—Abuse or violence between partners or former partners involving the following: battering that causes bodily injury, purposely
or knowingly causing reasonable apprehension of bodily injury, emotional abuse creating apprehension of bodily injury or property damage, repeated telephonic, electronic, or other forms of communication, anonymously or directly, made with the intent to intimidate, terrify, harass, or threaten.

G. Stalking—Repeatedly following, harassing, threatening, or intimidating another by telephone, mail, electronic communication, social media or any other action device or method that purposely or knowingly causes substantial emotional distress or reasonable fear of bodily injury or death.

H. Consent—Effective consent is the basis of the analysis applied to unwelcome sexual contact. Lack of consent is the critical factor in determining what constitutes sexual misconduct. Consent is knowing, voluntary and clear permission by word or action, to engage in mutually agreed upon sexual activity. Consent may not be inferred from silence, passivity, or a lack of verbal or physical resistance. A person’s manner of dress does not constitute consent. Past consent to sexual activities, or a current or previous dating relationship, does not imply ongoing or future consent. Consent to some sexual contact (such as kissing or fondling) cannot be presumed to be consent for other sexual activity (such as intercourse). Consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with another person. Consent may be withdrawn at any time. A person cannot consent to sexual activity if that person is unable to understand the nature of the activity or give knowing consent due to circumstances, including without limitation the following:

1) the person is incapacitated due to the use or influence of alcohol or drugs
2) the person is asleep or unconscious
3) the person is under age
4) the person is incapacitated due to a mental disability

I. The existence of consent is based on the totality of the circumstances, including the context in which the alleged incident occurred. Coercion, force, or the threat of either invalidates consent.

Retaliation
Kaskaskia College strictly prohibits retaliation against any individual for using reporting procedures and remedies in this policy or for participating as a witness or assisting in any other way in any investigation or proceeding involving allegations of violations of this policy. Retaliation includes, but is not limited to, intimidation, threats, harassment, and any other adverse action threatened or taken against any complainant or any other third party because of the complainant or participation in the investigation and/or hearing process. The College will take all necessary actions in response to retaliation, up to and including termination, if the violation is by an employee and up to and including dismissal if the violation is by a student.
Confidentiality and False Reports
All inquiries, complaints, and investigations are treated with discretion and as much confidentiality as possible. Information is disclosed as law and policy permit and/or require. All parties in the complaint process are obligated to protect the privacy of all persons involved to the extent possible, however, confidentiality cannot be guaranteed due to the College’s duty to investigate and seek a resolution.

This policy also prohibits malicious and/or knowingly false accusations. The College will take all necessary actions in response to retaliation, up to and including termination, if the violation is by an employee and up to and including dismissal if the violation is by a student.

Training

College employees involved in the receipt of reports of, responding to, investigating or adjudicating alleged incidents of sexual discrimination, harassment and misconduct, or involved in the referral or provision of services to victims will receive annual education and training on pertinent topics. Students will also be provided training on sexual assault and misconduct awareness, as well as the measures to take in addressing these matters. Students will conduct themselves as responsible members of the College community, will obey all federal, state, county and municipal laws, and will comply with the established rules, regulations, and procedures of the college, promulgated by the Board of Trustees. On campus or at any College-sponsored activity, it is expected that students will not engage in activities which negatively affect academic integrity or social conduct including, but not limited to, cheating, plagiarism, theft, assault, destruction of property, forgery or alteration of records, acts relating to the illegal use of alcoholic beverages, drugs and other illegal substances, and/or acts that endanger the health, safety or welfare of other persons. Furthermore, students will not behave in such a manner as to interfere with the conduct of College activities or to disrupt the normal procedures of the College and will respect the rights, privileges and property of members of the College community.

The Student Code of Conduct policy will be approved by the Board of Trustees and communicated to students in the Student Handbook. The Office of the Vice President of Student Services will review the code annually prior to publication of the Student Handbook available online at www.kaskaskia.edu. Copies of those procedures and guidelines are available through the Office of the Vice President of Student Services.

The Student Code of Conduct shall include disciplinary processes, an outline of
possible sanctions for non-compliance, and the student appeal procedures

Possible sanctions may be imposed for a violation of this Code of Conduct, and any accompanying conditions, including, but not limited to, restitution of damages, work projects, required counseling or therapy, required academic performance, etc. A condition may include loss of certain College privileges. If a condition accompanies a sanction, the condition must be related to the violation. The levels of disciplinary sanctions are:

I. Disciplinary Reprimand – is used in cases of minor violations, and when the student acknowledges the violation. The purpose of the reprimand shall be to call to the student’s attention the responsibility of meeting certain minimal community standards. Since a reprimand is given only when the violation is acknowledged, the sanction may not be appealed.

II. Disciplinary Censure – is a written warning to the student that the cited behavior is not acceptable in the College community and that further misconduct may result in more severe disciplinary action. The student may appeal the finding of a violation but may not appeal the severity of the sanction.

III. Disciplinary Probation – is a sanction, which removes a student from good disciplinary standing. The probation shall last for a stated period of time and until specific conditions have been met. Any misconduct during the probationary period will bring further disciplinary action and may result in suspension (level 4 sanction). Probationary status prevents the student from representing the College in extracurricular activities, and may result in the loss of some types of financial assistance.

IV. Disciplinary Suspension – is an involuntary separation of the student from the College for a stated period of time and until a stated condition is met, after which readmission will be permitted. Disciplinary suspension is entered on the student’s transcript for the duration of the suspension.

V. Indefinite Suspension – is an involuntary separation of the student from the College for an unprescribed period of time and until a stated condition is met. Any consideration for readmission requires a written petition to the appropriate administrative official before readmission will be considered. The indefinite Suspension is entered on the student’s transcript for the duration of the suspension.

VI. Interim Separation – is imposed when the Vice President of Student Services has reasonable cause to believe that a serious and direct threat to the safety and wellbeing of the members and/or property of the College community will be present if an individual is permitted to remain an active member of the
community. The opportunity of a preliminary hearing shall be afforded. If it is impossible or unreasonably difficult to conduct a preliminary hearing prior to the Interim Separation, the individual shall be afforded the opportunity for such a preliminary hearing at the earliest practical time.

The purpose of the preliminary hearing is to determine if there is justification to invoke an Interim Separation. During the preliminary hearing, the student will be provided a statement of the reasons for Interim Separation and will be afforded an opportunity to rebut. Interim Separation is temporary and shall be enforced only until the completion of a full disciplinary hearing. A full disciplinary hearing shall be provided within a reasonable period of time.

During an interim suspension, a student will be denied access to College services, including but not limited to any College campus(es), classes (face-to-face, ITV, and online), and/or college activities or privileges for which the student might otherwise be eligible. The interim suspension does not replace the regular student conduct processes, which will proceed on the normal schedule.

V. Reporting Code of Conduct Complaints

Acts of intentional academic dishonesty should be reported to the Vice President of Instructional Services; determining whether the academic dishonesty is intentional will be left to the faculty’s discretion. This process includes the following steps:
1. The faculty member observing or investigating the apparent act of academic dishonesty documents the act on the Academic Integrity Incident Report Form and submits the form to the appropriate Academic Dean.
2. The faculty member collects evidence, often by photocopying the plagiarized assignment and creating documentation of the incident. This documentation will be attached to the Academic Integrity Incident Report Form.
3. The faculty member provides the student an opportunity to explain the incident.
4. The faculty member explains to the student the procedures and penalties for academic dishonesty and provides the student a copy of Kaskaskia College’s Academic Integrity Policy.
B. Acts of Social Misconduct
Documents should include a completed Incident Report to be submitted by the reporter of the social conduct violation. Incident reports are also completed by security officers as a part of their routine duties. The incident report should be forwarded to the Vice President of Student Services.

VI. Hearing Procedures
A. Academic Dishonesty
1. If the accused student contests the faculty member’s decision, a formal hearing with the division Dean may be requested in writing by the student to the division Dean within 10 college business days of the time the student is notified of the faculty member’s decision. A hearing requested by a student under this section is informally conducted by the division Dean, who may or may not take additional steps to resolve the conflict.
2. Within 10 college business days of receiving an Academic Dishonesty Incident Report Form, the division Dean notifies all parties in writing of the date, time, and location of the hearing. At the hearing, the faculty member and the division Dean will present
charges and allow the student to present his/her side of the case. The student may bring an advisor, who may advise the student but not present the case. If the student misses the hearing, the faculty member and the Dean may proceed with the process to completion. The division Dean will consider any evidence submitted within 10 college business days of the hearing, and interview persons as warranted.

3. Within 10 college business days of the hearing, the division Dean sends written notification of the result to the student and faculty member.

4. Within 10 college business days of the notification, the student may submit a written appeal to the Vice President of Instructional Services. The decision of the Vice President of Instructional Services is final.

B. Social Misconduct

1. The Vice President of Student Services has the authority to issue sanctions for Code of Conduct violations, up to suspension, without convening a student conduct board. In these cases, a student would have the option to appeal a decision to the Conduct Appeal Committee.

2. The Vice President of Student Services will determine the composition of the student conduct board and appeal committee and will determine which student conduct board and/or appeal committee will be authorized to hear each case.

3. The Vice President of Student Services will develop procedures for the administration of the student conduct program and rules for the conduct of hearings that are consistent with the provision of the Code of Conduct.

4. Decisions made by the student conduct board will be final, unless the student initiates the appeal process.

5. A student conduct board may be designated as arbitrator/mediator of disputes within the student community in cases not involving a violation of the Code of Conduct. All parties must agree to arbitration/mediation and to be bound by the decision with no right to appeal.

6. In certain circumstances, the Vice President of Student Services may impose an interim suspension prior to a hearing before the student conduct board. Circumstances could include but are not limited to theft or abuse of College property or students posing a danger to themselves or others.

7. Charges and Hearings
   a) Any member of the College community may file a complaint against any student for misconduct. Complaints will be prepared in writing and directed to the Vice President of Student Services.
Services who is responsible for the administration of the college student conduct process. Any complaint should be submitted as soon as possible after the event takes place.

b) The Vice President of Student Services will (or will appoint a student conduct board who will) determine if the charges warrant an investigation. If the complaint is not found to warrant an investigation, the complaint will be dismissed.

c) If the charges cannot be disposed of by mutual consent, a student conduct board will be called to hear the charges. The Vice President of Student Services may be authorized to serve simultaneously as a student conduct administrator and member of a student conduct board. All charges will be presented to the accused student in written form by the Vice President of Student Services with a date of hearing regarding the charge. The hearing date will be set not less than three nor more than 10 college business days after the date of notice to the student. Maximum time limits for scheduling of hearings may be extended at the discretion of the Vice President of Student Services.

d) Any student may seek advice about the Code of Conduct, hearing procedures, and/or student rights and responsibilities from the Vice President of Student Services Office at any time.

e) Hearings are conducted by a student conduct board to provide the accused student an opportunity to respond directly to the alleged violation and to offer a response. The hearing is an educational forum designed to enable the student conduct board to determine if there has been a violation of the Code of Conduct. Formal rules of process, procedure and/or technical rules of evidence, such as are applied in criminal or civil court are not used in the student conduct process. Hearings will be conducted according to the following guidelines.

i. Hearings normally will be conducted in private.

ii. Admission of any person to the hearing will be at the discretion of the student conduct board. Hearings are not considered open to the public.

iii. In hearings involving more than one accused student, the student conduct board may permit the hearings concerning each student to be conducted separately.

iv. The complainant and the accused student have the right to be assisted by any advisor they choose, at their own expense. The complainant and/or the accused student is responsible for presenting his or her own case and therefore, while advisors may be present, they are not permitted to speak or to participate directly in any hearing.
v. The complainant, the accused, and the student conduct board may present witnesses. All witnesses are subject to questioning from the conduct board. Advisors may not, in any circumstances, question the complainant, accused student or conduct board. Pertinent records, exhibits and written statements may be accepted as information at the discretion of the student conduct board.

vi. All procedural questions are subject to the final decision of the student conduct board.

vii. At the conclusion of the hearing, the student conduct board will determine (by majority vote) whether the student violated each section of the Code of Conduct that the student was alleged to have violated.

viii. The student conduct board’s determination will be made on the basis of preponderance of the evidence (whether it is more likely than not that the accused student violated the Code of Conduct.)

ix. For conduct hearings that involve sexual and gender-based misconduct, proceedings of hearing will be modified to be in compliance with state and federal laws and the Sexual and Gender Based Misconduct Policy #5.08.

f) In each case in which a student conduct board determines that a student has violated the Code of Conduct, the sanction(s) will be determined and imposed by the Vice President of Student Services. In cases in which persons other than, or in addition to, the Vice President of Student Services have been authorized to serve as the student conduct board, the recommendation of all members of the student conduct board will be considered by the Vice President of Student Services in determining and imposing sanctions. The Vice President of Student Services is not limited to sanctions recommended by members of the student conduct board. Following the hearing, the student conduct board and the Vice President of Student Services will advise the accused in writing and/or orally of its determination and of the sanction(s) imposed, if any.

g) There will be a record of all hearings maintained by the Vice President of Student Services. The record will be the property of the College.

h) Except in the case of a student charged with failing to comply with a request to attend a meeting with a student conduct board, no student may be found to have violated the Code of Conduct solely because the student failed to appear. In all
cases, if the accused student, with notice, does not appear at a hearing, the information in support of the complaint shall be presented and considered, and the hearing will proceed in the student’s absence.

i) The student conduct board may accommodate concerns for the personal safety, wellbeing, and/or fears of confrontation of the complainant, accused student, and/or other witnesses during the hearing by providing separate facilities, video technology, telephone, or other means approved by the Vice President of Student Services.

VII. Disciplinary Sanctions

A. Academic Dishonesty

The following are examples of sanctions that may be imposed by the faculty member for conduct violations related to Academic Integrity. The College allows the faculty member the option to impose the appropriate sanction(s) based on each individual case; however, the faculty should follow the established policies outlined in their course syllabus when imposing the sanction(s).

1. Class-Level Penalties:
   a) Warning
   b) Failure of an assignment, quiz, test, examination, or paper. A failing (F) grade may be assigned for the work in connection with which the violation occurred.
   c) Failure in the course: A failing grade (F) may be assigned for a course in which the violation occurred.

2. Institutional-Level Penalties

   In addition to the Class-Level Penalties outlined above, the College will impose Institutional-Level Penalties based on the individual situation or if the student is a repeat offender. These additional penalties include:
   a) Disciplinary Reprimand (First Offense) - is a written warning to the student that the cited behavior is not acceptable in the College community and that further misconduct will result in more severe disciplinary action. In addition, the student will be placed on permanent “Academic Integrity Hold” that will remain on the student record while the student is enrolled at the College. This hold will require the student to meet with an advisor prior to registering for classes.
   b) Disciplinary Probation (Second Offense) - removes a student from good disciplinary standing. The probation shall last the entire time that the student is enrolled at the College. The student will continue to be placed on “Academic Integrity
Hold.” The student will also be financially responsible for all costs incurred for the course in which the academic integrity incident was reported. Any misconduct during the probationary period will bring further disciplinary action and will result in suspension. Note: Certain scholarship programs may impose additional sanctions, beyond the faculty and College sanction, on the student for academic integrity incidents.

c) Disciplinary Suspension (Third Offense) - is an involuntary separation of the student from the College that will begin at the end of the academic term in which the academic integrity incident occurs. If the student is on scholarship, all scholarship funds will be revoked and the student will be financially responsible for the all costs as a result of the loss of awarded institutional scholarships. This suspension will be for one calendar year, after which, readmission will be permitted. Disciplinary Suspension is entered on the student’s transcript for the duration of the suspension. Upon readmission to the College, the student will be placed on “Academic Integrity Hold” and on Disciplinary Probation, which will remain on the student record while the student is enrolled at the College.

d) The student will be afforded the right to appeal the severity of the sanctions imposed by the established Conduct Appeal Committee and Procedures.

B. Social Misconduct
Sanctions for violations of College regulations or conduct that interferes with College affairs will be imposed by the College. Sanctions, up to and including dismissal from the College, may be imposed for failure to comply with the policies and regulations as outlined in this document. These sanctions will define whether, and under what conditions, the violator may continue as a student in the College. The College may impose sanctions independent of any action taken by civil authorities. The College may impose sanctions in response to actions taken by civil authorities on matters not involving the College if the civil actions bring negative attention to the College. In keeping with the educational purpose of the College, disciplinary actions are intended to be remedial rather than punitive.

The following are sanctions which may be imposed for a violation of this Code of Conduct. In addition, a condition may accompany a sanction. Conditions include but are not limited to, restitution of damages, work projects, required counseling or therapy, required academic performance, etc. A condition may include loss of certain College privileges. If a condition accompanies a sanction, the condition must be related to the violation.
1. Disciplinary Reprimand – In cases of minor violations and when the violation is acknowledged by the student, a written reprimand may be issued by the appropriate vice president. The purpose of the reprimand shall be to call to the student’s attention the responsibility of meeting certain minimal community standards. Since a reprimand is given only when the violation is acknowledged, the sanction may not be appealed.

2. Disciplinary Censure – Is a written warning to the student that the cited behavior is not acceptable in the College community and that further misconduct may result in more severe disciplinary action. The student may appeal the finding of a violation but may not appeal the severity of the sanction.

3. Disciplinary Probation – removes a student from good disciplinary standing. The probation shall last for a stated period of time and until specific conditions have been met, if imposed. Any misconduct during the probationary period will bring further disciplinary action and may result in suspension. Probationary status prevents the student from representing the College in extracurricular activities, and may result in the loss of some types of financial assistance.

4. Disciplinary Suspension – is an involuntary separation of the student from the College for a stated period of time and until a stated condition is met, if imposed, after which readmission will be permitted. Disciplinary Suspension is entered on the student’s transcript for the duration of the suspension.

5. Indefinite Suspension – is an involuntary separation of the student from the College for an unprescribed period of time and until a stated condition is met, if imposed. Any consideration for readmission requires a written petition to the appropriate administrative official before readmission will be considered. The Indefinite Suspension is entered on the student’s transcript for the duration of the suspension.

6. Interim Separation – is imposed when the Vice President of Student Services has reasonable cause to believe that a serious and direct threat to the safety and wellbeing of the members and/or property of the College community will be present if an individual is permitted to remain an active member of the community. A preliminary hearing or the opportunity of a preliminary hearing shall be afforded. If it is impossible or unreasonably difficult to conduct a preliminary hearing prior to the Interim Separation, the individual shall be afforded the opportunity for such a preliminary hearing at the earliest practical time.

The purpose of the preliminary hearing is to determine if there is justification to invoke an Interim Separation. During the preliminary hearing, the student will be provided a statement of the reasons for Interim Separation and will be afforded an opportunity to rebut.
Separation is temporary and shall be enforced only until the completion of a full disciplinary hearing. A full disciplinary hearing shall be provided within a reasonable period of time.

During an interim suspension, students will be denied access to the campus, including classes, to college activities or privileges for which the student might otherwise be eligible, as the Vice President of Student Services determines appropriate. The interim suspension does not replace the regular student conduct processes, which will proceed on the normal schedule.

VIII. Appeals
A. A decision reached or a code of conduct sanction may be appealed by accused students to an appeals committee within five college business days of receipt of the decision. Failure to respond within the five college business days after the receipt of the decision will result in the implementation of the recommended sanction(s).
B. Except when explaining the basis of new evidence, an appeal will be limited to review of the record of the initial hearing and supporting documents for one or more of the following purposes.
a. To determine whether the original hearing:
   i. Was conducted fairly in light of the charges and evidence presented.
   ii. Conformed to prescribed procedures giving the complaining party a reasonable opportunity to prepare and present evidence that the Code of Conduct was violated.
   iii. Gave the accused student a reasonable opportunity to prepare and to present a rebuttal of those allegations.
b. To determine whether the decision reached regarding the accused student was based on the preponderance of the evidence, that is, whether the facts in the case were sufficient to establish that a violation of the Code of Conduct occurred.
c. To determine whether the sanction(s) imposed was appropriate for the violation of the Code of Conduct, which the student was found to have committed.
d. To consider new evidence, sufficient to alter a decision, or other relevant facts not brought out in the original hearing because the person appealing did not know such evidence and/or facts at the time of the original hearing.
C. In cases involving appeals by students accused of violating the Code of Conduct, review of the sanctions by an appeal committee may result in more severe sanctions for the accused students. An appeal to the Vice President of Student Services may not result in more severe sanctions for the accused
students.
D. A decision reached by an appeal committee may be appealed by accused students or complainants to the Vice President of Student Services within five college business days of the decision. Such appeals will be submitted in writing to the Vice President of Student Services, or designee. Conditions to (D.2. a-d) apply.
E. The Vice President of Student Services may, upon review of the case, reduce but not increase, the sanctions imposed by either the Vice President of Student Services and/or an appeal panel.
   1. The Vice President of Student Services will notify the student of the appeals committee’s decision in writing. This notification will include final charges, sanction(s) and/or instructions for a new hearing.
   2. The decision of the Vice President of Student Services shall be final.
