

Catalog 25-26 Addendum

1/5/26

Lecture & Lab Hour Changes:

AGRC 238 Advanced Precision Agriculture
Lecture 3 – Lab 2 – Credit 4

8/12/25

Remote Proctoring – Language Updated:

Current Language:

RESPONDUS PLATFORM FOR EXAM PROCTORING

Kaskaskia College may use the web-based platform Respondus to monitor quizzes and/or exams taken remotely for purposes of detecting potential instances of academic dishonesty.

On quiz/exam day, students will need to have a photo ID available and find a space to test that is quiet and where they are alone. As part of the proctored test, students may be required to undertake a “room scan”, which will involve rotating the webcam three hundred sixty degrees around the testing space.

If you have questions or concerns regarding the room scan requirement, please contact the Learning Innovation Center at OnlineSupport@kaskaskia.edu. Technical information about how to use Respondus can be found on the Respondus Website at <https://web.respondus.com/he/>

In order to support student success, Kaskaskia College does provide students free computer and internet access at the main campus and all Education Centers. If you do not have access to the recommended computer resources needed for your course(s), please utilize the services provided by Kaskaskia College.

Test proctoring is available to students from other institutions. Students must make arrangements with the ACE. Students will be required to pay a \$25 fee for each exam from another institution.

Appointments must be scheduled 24 hours in advance and can be made by contacting the Academic Center for Excellence (ACE) at (618) 545-3160

REMOTE PROCTORING

Kaskaskia College may use a web-based platform to monitor assignments, quizzes, and/or exams taken remotely for purposes of detecting potential instances of academic dishonesty.

On assignment, quiz, and/or exam day, students will need to have a state or college issued photo ID available and find a space to test that is quiet and where they are alone. Remote proctoring via a web-based platform may require students to complete a room scan prior to and periodically throughout the proctored assignment, quiz, and/or

exam. Completing a room scan involve rotating the web camera three hundred sixty degrees around the testing space.

If you have questions or concerns regarding the room scan requirement, please contact the Learning Innovation Center at LearningInnovationDesign@groups.kaskaskia.edu. Technical information about how to use the web based proctoring platform may be found on the Proctorio website at <https://proctorio.com/support>.

In order to support student success, Kaskaskia College does provide students free computer and internet access at the main campus and all Education Centers. If you do not have access to the recommended computer resources needed for your course(s), please utilize the services provided by Kaskaskia College.

Test proctoring is available to students from other institutions. Students must make arrangements with the Academic Center for Excellence (ACE). Students will be required to pay a \$25 fee for each exam from another institution.
